We have a 60 year old Hollin Hills home, and this is Fina's speciality -- they are very knowledgeable about the quirks in the fireplaces. We did a price comparison and they were competitive. They came out promptly for the estimate. We made an appointment and they were quite punctual. They did very good professional service and didn't take all day. I would definitely recommend Fina.

This company does great quality work, this is why I would recommend them. They stand behind the work that they do and they are not cheap but worth it for the work that they do and they finish their work on time.
